## TASTE

Medford Rum has a beautiful amber color and a rich, brown sugar and butterscotch nose. The first tastes are of vanilla, buttercream, and brown spice melting into a smooth, dark caramel finish, before ending in a pleasant warmth. Medford Rum is at the forefront of the new wave of New England-style rums, a category that is picking up steam and garnering national attention.

## BACKGROUND

GrandTen's Medford Rum is an heirloom continuation of New England's rich & celebrated rum history. Spanning over 200 years, New England rums have a place in American history as well as on one's home bar. Rum production served as an early economic staple of Colonial America. Even Paul Revere is said to have stopped at the distillery during his historic ride for a "dram" of Medford Rum to help keep him going.

## PROCESS

We begin with pure blackstrap molasses, add a blend of wild New England yeast, and send it through our all-copper, small-batch still. The resulting spirit is matured in charred American white oak barrels, lending the rum a mild bourbon-like character.

## WHAT'S IN THE BOTTLE

### Base Material

- 100% Blackstrap Molasses

### Water

- From the Quabbin Reservoir
- Rated best tasting water in the country
- Reverse osmosis and carbon filtered to remove chloramines and fluoride (we don't think they add to the taste)

## GrandTen Distilling

**WE STARTED GRANDTEN DISTILLING** because we love spirits and, just like you, enjoy a nice drink at the end of the day. Our mission is to create distinctive products that will satisfy the growing number of savvy cocktail drinkers. We are inspired by new and interesting flavors, but also take pride in producing high quality, classic spirits. Our flagship product, Wire Works American Gin, celebrates the history of the famous South Boston iron foundry that once occupied the space where we now distill.
