Display Garden Evaluation Form**

Garden name: \_\_\_\_\_

Garden owner: \_\_\_\_\_ Region: \_\_\_\_\_

Reviewer name: \_\_\_\_\_

Date of visit: \_\_\_\_\_

General garden appearance: The garden should be well maintained and generally free of weeds. The growing conditions and culture should show daylilies to their maximum potential. Place a check mark below:

Excellent: \_\_\_\_\_ Good: \_\_\_\_\_ Fair: \_\_\_\_\_ Poor: \_\_\_\_\_

Comments:

Diversity of Collection: Although an assortment of daylily forms is desired for a display garden, it is not required. How are the following daylily types represented?

- Extra large
- Large
- Small
- Miniature
- Doubles
- Sculpted
- Spiders
- Unusual forms
- Polymerous
- Tetraploids
- Diploids

**For AHS Historical Daylily Display Gardens, it is recommended that the garden contain a minimum of 50-100 historical daylily cultivars and species.** Historical daylilies are defined as, “all daylily species and daylily cultivars registered with the AHS on or before 1990 ”. Approximate number of cultivars registered before 1990 in this garden: \_\_\_\_\_.

Plant Labels: Plant labels should be maintained and in good condition, with the names of both the cultivar hybridizer showing clearly. **Date of registration is optional, but must be included on the label for historical daylilies.**

Please place a check mark beside all of the following that apply:

- Legibility of names
- Labels visible and positioned to identify particular plants
- Hybridizer name present
- Registration date present (required for historical gardens)
- Correct identification of cultivars

Accessibility:

Please place a check mark for all of the following that apply:

\_\_\_\_\_ Is the garden open to the public during bloom season?

\_\_\_\_\_ Is the garden location accessible?

\_\_\_\_\_ Are the garden paths safe?

Inspector recommendations:
