

In 2021, the impact of your fundraising helped  
**change kids' health to change the future.**

Upstate Golisano Children's Hospital is the leader in care and services for children in a 22-county region. With the help of our national and local partners (including Children's Miracle Network Hospitals®), community support from students and civic groups, and so many individual donors, we are able to offer not only the best medical care but also the amenities that make us a family-friendly environment.

## KEY FUNDING AREAS

Children's Miracle Network Hospitals' fundraising partners and programs are the key to positively changing kids' health and redefining positive outcomes for communities. Through our collective efforts, we provide member hospitals with the critical funds they need to advance pediatric healthcare at-large, ultimately improving individual patients' health, protecting our children's futures and enhancing our communities.
