

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

Ballad Health Niswonger Children's Network and Niswonger Children's Hospital serve 200,000 children in the remote and rural Appalachian Highlands region. We aim to boost the region's ability to raise healthy children to unlock a brighter future for our kids. For 2022, primary focuses include funding new family-friendly neonatal intensive care unit (NICU) rooms and increasing access to pediatric subspecialties, as well as community-based health and wellness programs.

KEY FUNDING AREAS

Children's Miracle Network Hospitals' fundraising partners and programs are the key to positively changing kids' health and redefining positive outcomes for communities. Through our collective efforts, we provide member hospitals with the critical funds they need to advance pediatric healthcare at-large, ultimately improving individual patients' health, protecting our children's futures and enhancing our communities.
