

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

Salinas Valley Memorial Hospital takes pride in providing quality healthcare to improve the well-being of our community. With the help of our corporate partners, local businesses, employees, and donors, we are able to provide critical services to meet the most urgent pediatric needs. Within the walls of the health care system, these funds provide support for our 18-bed inpatient pediatrics unit, our Level III neonatal intensive care unit, and our emergency department.

KEY FUNDING AREAS

Children's Miracle Network Hospitals' fundraising partners and programs are the key to positively changing kids' health and redefining positive outcomes for communities. Through our collective efforts, we provide member hospitals with the critical funds they need to advance pediatric healthcare at-large, ultimately improving individual patients' health, protecting our children's futures and enhancing our communities.
