

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

The University of Vermont Children's Hospital provides high quality, child-friendly care with a patient and family-centered approach that improves the health of children throughout the North Country. Philanthropy helps us provide the level of care we take pride in to the thousands of children and families we serve. We're grateful for the local businesses and community members that make this possible.

KEY FUNDING AREAS

Children's Miracle Network Hospitals' fundraising partners and programs are the key to positively changing kids' health and redefining positive outcomes for communities. Through our collective efforts, we provide member hospitals with the critical funds they need to advance pediatric healthcare at-large, ultimately improving individual patients' health, protecting our children's futures and enhancing our communities.
