

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

In 2021, **Boston Children's Hospital** was named the number one pediatric hospital in the country, making it the clear destination for families seeking answers about their child's health. Every day, families look to Boston Children's for answers, treatment and hope. And every day, they inspire us to meet that challenge by seeing beyond the limitations the rest of the world places on what's possible. Our audacious goal is to be a leader for your child and for child health everywhere.
