

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

As the second largest children's hospital in Georgia and the only health care facility in the region dedicated exclusively to kids, **Children's Hospital of Georgia's** mission is to provide innovative, family-centered care to our patients. By bringing together local businesses and community members to raise the funds necessary to meet our most urgent needs, our collective impact grows exponentially. Through community support we can improve pediatric care for kids in our community and beyond.
