

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

USA Health Children's & Women's Hospital offers the region's only pediatric emergency department and treats more than 40,000 patients each year. Critically ill patients may be transported to USA Children's & Women's Hospital via air medical helicopter, area ambulance service, or through the hospital's neonatal or pediatric intensive care transport vehicles. With the help of Children's Miracle Network Hospitals®, we are able to care for even more children.

KEY FUNDING AREAS

Children's Miracle Network Hospitals' fundraising partners and programs are the key to positively changing kids' health and redefining positive outcomes for communities. Through our collective efforts, we provide member hospitals with the critical funds they need to advance pediatric healthcare at-large, ultimately improving individual patients' health, protecting our children's futures and enhancing our communities.
