

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

For nearly 70 years, countless lives in California's Central Valley have been touched by the healing hands at **Valley Children's Hospital**. By bringing together local partners, businesses, individuals, and students to raise critical funds necessary to meet our most urgent needs, our collective impact grows exponentially. Through community support we can improve pediatric care, addressing the challenging health issues of today, while preventing and preparing for those that may come tomorrow.
