

In 2021, the impact of your fundraising helped **change kids' health to change the future.**

Akron Children's Hospital was founded on the principle of serving our community's needs. As a Children's Miracle Network Hospital®, this means treating all children as if they were our own, and turning no child away based on the family's ability to pay. In the community, this means improving access to health care services, enhancing public health, and advancing medical and health knowledge.

KEY FUNDING AREAS

Children's Miracle Network Hospitals' fundraising partners and programs are the key to positively changing kids' health and redefining positive outcomes for communities. Through our collective efforts, we provide member hospitals with the critical funds they need to advance pediatric healthcare at-large, ultimately improving individual patients' health, protecting our children's futures and enhancing our communities.
